| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Created for ages 8-12 but enjoyed by the whole family, Adventures in Odyssey presents original stories brought to life by actors who make you feel like part of the experience. These fictional, character-building dramas are created by an award-winning team that uses storytelling to teach lasting truths. Since 1987, Adventures in Odyssey has presented exciting entertainment that brings moral and biblical principles to life. The show's memorable characters and situations are designed to ignite the imaginations of kids. The adventures often start with grandfatherly Mr. Whittaker ("Whit"), who runs an ice cream shop called Whit's End. Young friends from all over town come to Whit for advice, and his employees (perky Connie Kendall and genius Eugene Meltsner) often learn as much as the kids! |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The concept for Real Life 101 is bold yet simple. Real life jobs and careers are explored in an energetic style as an education and information (E/I) presentation for teenage viewers. The careers and people chosen to reflect those categories offer a vital inside look at what it would really be like to choose that particular profession. A co-host approach allows for interchange of questions and responses adding viewer stimulation and insight. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. |  | Taylor's Victorian style attic is crowded with years of clutter and is home to his extended family of imaginative puppets. It is within this over-populated storage space that fun, learning and hilarity ensue. Taylor often finds himself the referee, part teacher, mediator and student. Taylor learns that having an attic full of puppets is a full time job. Whether he sings a song with the old piano, imparts a history lesson with his old TV or takes a trip through the magical mirror, Taylor's humor turns Taylor's Attic into a lesson-filled adventure one joke at a time. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | <p>Aqua Kids provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the earth. Aqua Kids provides kids with a way to learn about the diversity of marine animals around the world and the importance of preserving their fragile aquatic habitats. Through the use of hands-on collaboration between kids and science researchers and educators, Aqua Kids encourages children to take an active role in protecting the future of their communities and the world.</p> |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Created for ages 8-12 but enjoyed by the whole family, Adventures in Odyssey presents original stories brought to life by actors who make you feel like part of the experience. These fictional, character-building dramas are created by an award-winning team that uses storytelling to teach lasting truths. Since 1987, Adventures in Odyssey has presented exciting entertainment that brings moral and biblical principles to life. The show's memorable characters and situations are designed to ignite the imaginations of kids. The adventures often start with grandfatherly Mr. Whittaker ("Whit"), who runs an ice cream shop called Whit's End. Young friends from all over town come to Whit for advice, and his employees (perky Connie Kendall and genius Eugene Meltsner) often learn as much as the kids! |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Aqua Kids provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the earth. Aqua Kids provides kids with a way to learn about the diversity of marine animals around the world and the importance of preserving their fragile aquatic habitats. Through the use of hands-on collaboration between kids and science researchers and educators, Aqua Kids encourages children to take an active role in protecting the future of their communities and the world. |
