Length of Program	30 mins
Age of Target Child Audience	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Human Nature is a unique program of social and emotional learning that will build character and decisions making capabilities and lead to have a well balance life in a prosperous society. Animals have qualities that some humans should follow as example, for instance: generosity, solidarity, perseverance, confidence, humility, tolerance, patience, integrity and self-control. This show was created to help recover and reinforce human value. Each animal guest will share their story and qualities, the cow will share about practicing generosity when she feed everyone and the butterflies will teach us about accepting our differences. The program includes games and trivia. Viewers will receive a practical vision of good behavior at school, home and in the community and help them be better humans every day.
