Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	5.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	672.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	13.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"SWAP TV" is a weekly half-hour television series about two teenagers from different backgrounds "swapping" lives for a weekend. The series meets the educational and informational objectives of the FCC's Children's Programming requirements for children ages 13-16. The programs explore the opposite lives of the participating youngsters as they learn about different cultures and family settings. Young viewers are exposed to the special interests of the "swapping" youngsters and what adjustments they make to a different life situation. The program teaches tolerance of various races, creeds and backgrounds while exposing an appreciation to someone else's way of life. Each episode is informative, entertaining and promotes good social values and respect. "SWAP TV" is closed-captioned for the hearing impaired and displays the "E/I" icon throughout the broadcast. Multicast Digital.
