Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	7.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	0.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	0.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The magic of Wonderama was re-launched in January 2017. The history of Wonderama is energized with a new modern thirty-minute format for Fall 2017. Once again Wonderama will deliver to teens-their world, their way-through a totally interactive and immersive experience. Wonderama's general educational mission is to create a program environment that promotes the growth and development of teens. The goal of Wonderama is to construct a learning environment that uses broadcast television and supportive online media to engage teens and motivate their awareness through examples of community involvement, artistic performance and targeted educational segments. Educational materials will be framed within specific program segments. These weekly segments will be available to our audiences both in show and online. Topics will utilize themes from popular culture and common experience, in order to encourage learning from simple to complex and to reveal educational and teaching moments from everyday life. Meaningful content and active relationships provide the basis for learning. Wonderama will focus on subject categories in support of the overarching construct experience: STEM, Culinary Skills, Financial Literacy, Community Involvement and the Performing Arts. The diverse and dynamic group young people and experts appearing each week on Wonderama provide the enthusiasm to inform teens and their families about important issues and life skills.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Culture Click is a weekly half-hour series that explores the genesis of - and reasons behind - cultural events that permeate our everyday lives. Developed and produced for viewers aged 13-16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping-off point for a deep dive into the culture viewers 13-16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society - using the power and speed of the internet and user-generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's worth of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning and there's no limit to what viewers will learn when they experience Culture Click.
