Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	8.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Origination	Syndicated
Days/Times Program Regularly Scheduled	Mondays at 8am
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AMERICAS HEARTLAND - Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The Show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the productions of the food and fuel they consume. Some Episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global Economy. This program airs on our third program stream, channel 13.3.

Liaison Contact

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Scott C. Swenson
Address	1078 25 Road
City	Axtell
State	NE
Zip	68924
Telephone Number	(308) 455-9924
Email Address	sswenson@nebraska.tv
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	KHGI continued to serve the educational, informational, and social needs of children throughout the 2nd Quarter of 2019 through extensive broadcast and outreach activities. The station has continued to air PSAs for local and national organizations serving the interests of children and families, including those from Earth Share teaching environmental responsibility, and from the Ad Council on the dangers of childhood asthma. We also have presented stories in our newscasts highlighting children's issues, such as the importance of education in combating teen pregnancy and increased understanding of environment and the impact of bad air quality on the area's children. The station continues to provide tours of our facility to local schools to show where and how the news is produced, and to answer questions on what skills are needed to work in the industry, including education. The station's on air talent maintain an extensive schedule with community groups and schools. Dozens of visits were made to schools to read to students, helping them develop a love of reading and continuing education, teaching them about weather and the environment, sports and health, and to answer questions about television, world events, and issues that impact children.
