Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Hearts of Heroes showcases the stories of men and women braving natural disasters with one goal: to rescue the victims and help restore their lives. Hosted by meteorologist Ginger Zee, Hearts of Heroes will guide viewers through fascinating weather events while delivering unique takeaways into the causes of many kinds of disasters, as well as how we can properly prepare for them, and collectively overcome them. Each week, viewers will witness first-hand the worst of nature but the best of humanity. Hearts of Heroes will take audiences on a journey where they'll experience recent natural disasters such as hurricanes, tornadoes, wild fires, and floods. Teen viewers will learn more about the causes and science behind these events, while witnessing the heroic efforts of first responders across the nation. This program will air on the station's main digital program stream. This program aired on the station's main digital channel 9.1

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how its produced. America's Heartland provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program aired on the stations tertiary digital 9.3 channel</p>
