Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. This program provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare, and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact of American agriculture on the global community. This program aired on the station's quaternary digital channel 4 - HACH.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	WACH TV was involved in a variety of events and initiatives throughout the Midlands. In addition to giving frequent station tours to students from schools throughout the area, members of our news team were often involved in local events of all types. One of these events was speaking at multiple Career day events about working in the news and broadcast field, then further explaining their individual position and role within the news team. Other members were invited to host and emcee numerous events and happenings. They also volunteered their time for community service and outreach events. Including a local food drive that provides to those in need across the entire state of South Carolina, as well as hosting, promoting, and encouraging the community to participate in a Red Cross blood drive. Additionally, several PSAs with positive, educational messages were shown on-air. PSAs aired on WACH included some encouraging both children and their parents to be more involved with their child's school board organization, as well as others on behalf of the Girl Scouts of America showing prominent, influential women who were Girl Scouts, and the great things they went on to accomplish

Program Title	America's Heartland
Origination	Syndicated
Days/Times Program Regularly Scheduled	WED 8am (9/16/19 - 12/31/19)
Total times aired at regularly scheduled time	15
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland. But many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare, and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program will air on the station's quaternary digital channel 4 - HACH.
