Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	SEA RESCUE is a live action, half-hour television program designed to meet the educational and informational needs of children 13-16 years of age. This series offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there is a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. SEA RESCUE will leave its audience inspired by the real-life stories of the featured animals and rescuers as well as with a fuller understanding of the rich array of sea life with which we share our planet.
