Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	On each episode of Vacation Creation with Tommy Davidson and Andrea Feczko, our hosts Tommy Davidson and Andrea Feczko guide one deserving family on amazing adventures as they experience a new destination together on their family vacation. As our featured family embarks on an interactive voyage filled with immersive learning opportunities, each episode brings us to diverse locations where our family and viewers discover unique cultural events, food, activities, and traditions. From discovering the wondrous glaciers of Alaska to learning from the Moko Jumbie of the Virgin Islands, viewers will witness the importance of spending time with family and friends as our featured families experience amazing adventures together, often learning more about each other and their own family history along the way. Teens will also learn the importance of resiliency during challenging times as many featured families share their stories of overcoming adversity, finding ways to bond and heal while sharing these once in a lifetime experiences.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	ANIMAL SCIENCE is a half-hour weekly EI animal series with a uniquely scientific approach. This series is specifically produced for children 16 and under target audience is 13 to 16. While most animal shows look at the behavior of animals, we go one step further to look at the how and why an animal is able to excel in its environment. Shot in high definition, ANIMAL SCIENCE uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. Our enthusiastic hosts modern vocal style will be engaging to the target audience. This program will attract all age demographics.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Oh Baby is a live action, half hour television program designed to meet the educational and informational needs of children aged 13 to 16. Oh Baby will take viewers on a journey around the world to meet and observe some of the most curious and captivating wild baby animals. Audiences will discover how wild animal parents of numerous species teach their babies important survival skills that help them thrive in the many changing seasons. Hosted by Anji Corley, Oh Baby will highlight a myriad of baby milestones from birth, to playing, to grooming, and learning valuable life lessons from mom or dad. Each week, viewers will be immersed in a new environment and uncover fascinating facts about the wild baby residents and their families.

Certification

Question	Response
<p>The undersigned certifies that he or she is (a) the party filing the Children's Television Programming, or an officer, director, member, partner, trustee, authorized employee, or other individual or duly elected or appointed official who is authorized to sign on behalf of the party filing the Children's Television Programming; or (b) an attorney qualified to practice before the Commission under 47 C.F.R.
