Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Skooled features teenage students and classroom teachers trading roles with each other. The series explores a unique perspective, students teaching teachers. Both students and teachers better understand what it means to be the other. The students prepare lessons for their teachers and discuss as a group the appropriate grade for each teacher. The teen students learn how difficult it is for teachers today while teachers get a lesson in being students. This unusual role reversal teaches kids and adults important differences and each episode addresses concerns each has with the other.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ten-year-old T-Bear, 9-year-old Talon and 6-year-old Raven star in Wapos Bay, a light-hearted stop-motion animation series about growing up in a remote Cree community. In Wapos Bay, modern life and ancient traditions meet. Hunting and gathering, dog sledding and shimmering northern lights are part of every day, but so are video games, TV and cell phones. Guided by elders, extended family and their own insatiable curiosity, the three children learn how to balance traditional ways with newer ones. Their discoveries unfold against the backdrop of northern Saskatchewan's varied seasons - winter, spring thaw, spring, summer, fall and freeze-up. As they explore the world around them, the three children acquire some valuable lessons about respect, cooperation, honesty and tolerance. And of course, they also teach the adults a few things.
