| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Produced primarily for the 13-16 year old target audience, XPLORATION NATURE KNOWS BEST inspires and educates audiences of all ages. Host and marine biologist, Danni Washington, illustrates how technology all around us was inspired by nature and how modern innovators are continuing the practice from airplanes inspired by birds, to helicopters influenced by the dragonfly, to a wingsuit based on the flying squirrel. But engineers are not the only scientists looking toward nature. The program covers biologists studying the behavior patterns of ants; architects who design living buildings; and roboticists who are making their designs bigger, stronger, and faster based on animals around us. This series not only encourages interest in STEM fields but shows children how getting outside and taking a look around could provide inspiration for the next great discovery. |
