Broadcaster Information and Transition Plan	Question	Response
		Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.
	Briefly describe transition plan	Purchase of the transmitter, antenna system and transmission line. Current Antenna does not support V-Pol. Installation of interim antenna and transmission line, while main antenna is underway. Increase ERP for the new channel on main antenna.
