Broadcaster Information and Transition Plan

Question	Response

Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
Briefly describe transition plan	Initially WTKO-CD proposed to be able to retune its existing transmitter and purchase a new bandpass filter. A new antenna was also needed as the existing antenna is channel specific. Subsequently, the proposal is to upgrade the transmitter.
