| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The Coolest Places on Earth is a children's program for a 13 - 16 year of target group that shows some of the most gorgeous places on earth. It explains how they came to be, when to see them best, and thankfully, the natural laws behind their unique existence. The optics of Italy's Blue Grotto are explained as is the origin of Ngoronga Crater, and the Mayan mysteries of Machu Picchu. But although a great amount of information is passed along, it is never pedantic. The information shared, important to the development of the 13-16 year old target group, comes in a light narrative-the conversation tone of an awed friend. |

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

Awesome Adventures is an educational and informational adventure travel program that targets the 13 to 16 year old age group, but is also a highly entertaining program for a more general audience. With a host and the use of young guides from a specific locale, it is ideal for the "tween/teen" market. This program is fast paced, and provides information which encompasses many aspects of the location. It is produced in a contemporary style, and features both historical and cultural information, in addition to an action adventure. The introduction about the specific food, music, geography, history and environmental issues as well as popular recreational activities of the locale, make for a most entertaining program. The program is 30 minutes in length, and is identified as an educational and informational show, targeted to teens 13 to 16 years old, at the beginning and through each broadcast; as well as in listings provided to publishers of program guides.
