This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	This form, in its present state, doesn't allow for entering the correct number of Preemptions scheduled. It only allows the rescheduled number to be equal to the number of preemptions, so the date of the rescheduled program has been left blank where the program had not been rescheduled. Also, the form has a tendency to keep changing the order of the prempted program information within each specific program making it difficult to check progress as the form is being modified.
