Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle is a live action show hosted by Sean Roach that also blends animation and puppetry into the overall format. Sean drives a double decker bus into various communities to meet children who have written to him with a problem that they would like to solve using art and or a food experience. Sean is accompanied by Noodle, a puppet character and Doodle a digital character that lives inside a tablet computer and Doggity a faithful beagle. Doggity has a mini show of his own through an animated alter ego that appears during diversionary segments in a restaurant kitchen operated by Doggity and other canines. The show demonstrates how recycled materials can become art and how food art and problem solving can be combined to create a fun experience in everyday living. Every episode can be replicated at home with ease by parents and children playing together. Main Digital

Program Title	Terrific Trucks
Origination	Network
Days/Times Program Regularly Scheduled	Saturday/10-10:30AM
Total times aired at regularly scheduled time	10
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Terrific Trucks is a live-action series that follows the exploits of five self-driving, heavy-duty construction trucks. They include Tork, the dump truck, Stotz, the flatbed, Dug, the digger, Blinker, the mini-digger, and Sparky, the front-end loader. The trucks reside in a fully equipped truck yard/rock quarry and work as a team on various building projects that require planning, collaboration and implementation. Each truck brings specific skills to the group. They get challenging job assignments from Mr. Bill Board, a digital outdoor screen that outlines and diagrams the problem to be solved. By allocating the role each truck will perform during the project, the group merges those unique skills to fulfill their respective assignments. Unexpected problems that could compromise their success-- such as the weather, broken truck parts, or personal conflicts between the trucks--- are addressed and overcome so the job can be completed. - Main Digital
