Number of Preemptions	0

Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Expedition Wild is an educational series whose host Casey Anderson goes on location to study species such as mountain lions and Kodiak bears in their native habitats. It's geared toward kids, but adults will like it as well, and all ages are sure to learn something from the host's vast knowledge of his subjects.</p> <p>Expedition Wild is the next best thing to learn about a variety of animals. Not only do they get to observe all different kinds of creatures in their natural habitats, they're treated to a likable tour guide in Anderson, who's even better in front of the camera than he is interacting with the species he studies. There's never a dull moment as he shares what he knows about how the animals have adapted to their specific environments, and his enthusiasm often yields further interest in the subject from viewers of all ages.</p>

Program Title	DR. CHRIS PET VET
Origination	Network
Days/Times Program Regularly Scheduled	SAT 1030A
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. the show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching them of rescuing these animals from death and providing a second chance for life. Following McMillian's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Hosted by Mo Rocca. This show features the celebration of the inventor's spirit-from historic scientific pioneers throughout past centuries to the forward-looking visionaries of today. Each episode tells the dramatic stories behind the world's greatest inventions and the perseverance, passion and price required to bring them to life. This program includes segments focusing on 'what if it never happened' and 'the innovation by accident,' and has a strong focus on 'junior geniuses' who are changing the face of technology. This program is specifically designed to further the educational and informational needs of children, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
