Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Floogals is an animated show starring three space aliens--Fleeker, Flo, and Boomer--who have been sent to earth to explore, investigate, discover and report their findings to their superiors at Floogals headquarters. The diminutive Floogals are no taller than a safety pin and their visual perspective is literally the point of view of the show. With the mutiple challenges of their size and ignorance of all things Hooman(AKA humans), the Floogals have a lot of work on their hands. They are engaged in the dual processes of discovery and problem-solving, as nothing on earth is familiar to them. Much like young children, they begin by encountering something new and go through a comedic multi-step process of watching.</p>
