Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Doki offers fun characters each with their own strengths and weaknesses (therefore offering a broad representation of possible at-home-viewers). The team is supportive of one another and the "world" of Doki and its characters reflects the media landscape of today's child. Although the most supportive programming involves the audience through presentation of material in a way that demands intellectual interaction on the part of the viewer (i.e., encouraging the viewer to assist on -screen characters to solve problems), and this series might benefit from this type of "interaction," Doki does offer enthusiastic characters, real questions, and an "arguably" realist presentation of discovery. Combined, these elements will keep children engaged and support their learning.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Dive Olly Dive offers a collection of boy and girl characters each with their own unique characteristics and strengths. Skid, although something of a bully, comes around in each episode and is never cruel. The team is supportive of one another and lessons of predicting, considering and discovering are cleverly interwoven into an entertaining storyline. Although the series is standard in terms of story telling, that is, it does not incorporate some of the elements that we know extend a series' power in terms of teaching, Dive Olly Dive offers relatable characters and episodes that are clearly created with the intention of supporting a child's learning. In particular this series supports a child's social development and problem solving skills.

Animal Atlas provides visual information from original and detailed footage of animals. The fast moving clips of a variety of species allows viewers to compare and contrast differing physiologies and habitats. The animal subjects are presented as they move informally and comfortably through their living activities, and the narration is well informed and unobtrusive. The program uses an interactive segment with multiple choice questions about the animals covered. The questions have just the right level of engagement and are a worthwhile component of the program. The program's constant reinforcement of species differentiation will facilitate learning for young people between the ages of 13 to 16.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on Mordecai Richler's books, Jacob Two-Two is an animated show about the challenges of a little boy, the youngest of five siblings. Jacob is so small for his age he often repeats himself just so he can be heard. His parents are compassionate, but his siblings are not, and Jacob has to be resourceful and inventive in learning how to assert himself, overcome his fears, get along with others, and still enjoy his childhood. He manages to turn even the most inconsequential events into adventures with his friends, Buford and Renee. Every adventure teaches him a life lesson, from learning how to be responsible to figuring out how to manage a bully. In addition, there are implicit lessons that promote a love for learning and language development usually conveyed through Jacob's father, a full-time writer.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pearlie is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 6 to 10 year old range, episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best selling book about a middle class medieval girl named Jane. Jane is raised in the Royal Court as a Knight in Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of her castle community. In each episode, Jane encounters a challenge that tests her problem solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Willa is an animated series centered on a six-year-old girl, and her menagerie of animals. Willa lives at home with her father and pets: an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find way to maintain healthy friendships, experience success, develop competence and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the "cool" group. She realized that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience.

Days/Times Program Regularly Scheduled	Saturdays and Sundays / 4:00 pm and 4:30 pm CT
Total times aired at regularly scheduled time	50
Length of Program	30 mins
Age of Target Child Audience from	6 years to 10 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series by Deborah Manchester, The Zula Patrol teaches science and astronomy facts to a target audience of children 6 to 10 years of age. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about specific space topics such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his Multo Moments or summary of scientific facts from the story. Typically, the stories also provide a social emotional tag based on tolerance and non violent conflict resolution.
