Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program features the rescue, rehabilitation and - in many instances - release back into the wild of ocean wildlife. Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real-life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet. This program aired on the primary digital channel.

Food For Thought informs and educated teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Host Claire Thomas serves as a role model for viewers by showing her passion for family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time - sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life. This program aired on the tertiary digital channel only.

Email Address	mmorris@wate.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Due to a technical error by LAFF TV, the E/I series that aired on LAFF TV from September 10, 2016 to October 15, 2016 were done so without an E/I symbol appearing within the programs. In total, 10.5 hours of E/I programming did not include an E/I symbol. LAFF TV has resolved the issues causing the omission, and all regularly scheduled LAFF TV E/I programming has included the E/I symbol as of October 22, 2016. LAFF TV also has established new processes to ensure that the issues do not recur. To address any potential concerns about compliance with FCC requirements for E/I programming, LAFF TV rebroadcast the 10.5 hours of E/I programming that originally aired without an E/I symbol, plus one additional half-hour of E/I programming, for a total of 11 hours in addition to its regularly scheduled E/I programming. LAFF TV is the network affiliation of WATE-TV's tertiary digital channel. In addition to the information contained herein, WATE-TV participates in many other activities that directly impact children in the community. The station's anchors and reporters make numerous public appearances every month at community family and children's events. The WATE-TV Meteorology staff is particularly dedicated to speaking to students about weather forecasting and the science and the technology used. The station's meteorologists visit numerous classrooms, as well as guide tours through the storm center every month. WATE-TV also airs a weekly "Caring for our Kids" news segment which covers a wide range of health and educational topics relevant to parents and children.
