Program Title	Calling Dr. Pol (22.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays, 7:00-7:30AM
Total times aired at regularly scheduled time	11
Total times aired	11
Number of Preemptions	1
Number of Preemptions for other than Breaking News	1
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Calling Dr. Pol is a weekly half-hour series that explores the fascinating occupation of veterinary medicine. Designed to educate and inform viewers aged 13-16 and the entire family this inspiring series invites viewers to share in the experiences of Dr. Pol. An enthusiastic and naturally-inclined and well-rounded scholar, Dr. Pol has been practicing veterinary medicine for over 35 years. Caring for more than 19,000 patients, Dr. Pol has seen it all. Specializing in large farm animals, Dr. Pol, his family and veterinary staff also care for animals of all shapes and sizes. Each week audiences will have a chance to understand the challenges and rewards of this fulfilling profession and learn that the work doesn't end at the clinic; Dr. Pol often takes his talents to the road by helping sick or injured animals on neighboring farms and ranches. With the added benefit of Dr. Pol's expert analysis and on-screen factoids, viewers will have the opportunity to learn about the biology and behavior of various domesticated animals and livestock. Unstoppable and unflappable, this Doc is a legend in the community and provides an entertaining view of the veterinary profession. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the main digital stream.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Produced primarily for the 13-16 target audience XPLORATION DIY Sci will inspire and educate audiences of all ages. Host science educator and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun relaxed attitude Steve will take viewers through step-by-step demonstrations of do-it-yourself experiments that amaze but which also relate back to solid principles of science. For instance Steve Spangler became nationally-known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLORATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why on a molecular level the soda reacts that way to the candy. XPLORATION DIY Sci is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Produced primarily for the 13-16 target audience XPLORATION DIY Sci will inspire and educate audiences of all ages. Host science educator and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun relaxed attitude Steve will take viewers through step-by-step demonstrations of do-it-yourself experiments that amaze but which also relate back to solid principles of science. For instance Steve Spangler became nationally-known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLORATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why on a molecular level the soda reacts that way to the candy. XPLORATION DIY Sci is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the 2nd digital stream.

Days/Times Program Regularly Scheduled	Saturdays, 7:00-7:30AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Calling Dr. Pol is a weekly half-hour series that explores the fascinating occupation of veterinary medicine. Designed to educate and inform viewers aged 13-16 and the entire family this inspiring series invites viewers to share in the experiences of Dr. Pol. An enthusiastic and naturally-inclined and well-rounded scholar, Dr. Pol has been practicing veterinary medicine for over 35 years. Caring for more than 19,000 patients, Dr. Pol has seen it all. Specializing in large farm animals, Dr. Pol, his family and veterinary staff also care for animals of all shapes and sizes. Each week audiences will have a chance to understand the challenges and rewards of this fulfilling profession and learn that the work doesn't end at the clinic; Dr. Pol often takes his talents to the road by helping sick or injured animals on neighboring farms and ranches. With the added benefit of Dr. Pol's expert analysis and on-screen factoids, viewers will have the opportunity to learn about the biology and behavior of various domesticated animals and livestock. Unstoppable and unflappable, this Doc is a legend in the community and provides an entertaining view of the veterinary profession.This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Host science educator and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun relaxed attitude Steve will take viewers through step-by-step demonstrations of do-it-yourself experiments that amaze but which also relate back to solid principles of science. For instance Steve Spangler became nationally-known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLORATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why on a molecular level the soda reacts that way to the candy. XPLORATION DIY Sci is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. This program is specifically designed to further the educational and informational needs of children,has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules; the objective and target audience is specified in this report; and the instructions for the E/I designation and appropriate age groups have been provided to publishers of program guides. Airs on the 2nd digital stream.

Certification

Question	Response
The undersigned certifies that he or she is (a) the party filing the Children's Television Programming, or an officer, director, member, partner, trustee, authorized employee, or other individual or duly elected or appointed official who is authorized to sign on behalf of the party filing the Children's Television Programming; or (b) an attorney qualified to practice before the Commission under 47 C.F.R. Section 1.23(a), who is authorized to represent the party filing the Children's Television Programming, and who further certifies that he or she has read the document; that to the best of his or her knowledge, information,and belief there is good ground to support it; and that it is not interposed for delay. **FAILURE TO SIGN THIS APPLICATION MAY RESULT IN DISMISSAL OF THE APPLICATION AND FORFEITURE OF ANY FEES PAID** Upon grant of this application, the Authorization Holder may be subject to certain construction or coverage requirements. Failure to meet the construction or coverage requirements will result in automatic cancellation of the Authorization.
