Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wildlife expert and animal ambassador, Jack Hanna, brings the viewer face to face with the best of the beasts. In this weekly half hour series that will engage viewers ages 13 to 16, as well as the whole family Jack highlights his favorite animals and adventures from around the world. Presented in countdown style, Jack offers up a different top ten each week in a variety of categories. What are the top ten fastest animals in Africa, tallest insects, biggest eaters, smartest birds, Jack will answer all of these questions and more. As Jack reveals the categories, he gives further insights and interesting facts about the animals allowing viewers of all ages the opportunity to be entertained as well as learn more about the fascinating animal kingdom in Jack Hannas Wild Countdown. Hanna has always had a knack for storytelling with his expressive, genuine, and quirky personality. He will entertain viewers as he counts down facts and experiences about some of the rarest, most endearing, and fascinating animals. Love is in the air this quarter as Magellanic penguins sing a love song and bald eagles raise a family; viewers see some of the worlds outstanding animal hospitals in action caring for big and small from silverback gorillas to pet pigs; learn how animals use social networks; easy to spot animals including a cheetah, painted dog, giraffe and more; the biggest brainiacs of the animal kingdom include dolphins, elephants, dogs, chimpanzees and more.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>This is a live action, half-hour television program designed to meet the educational and informational needs of children. Produced for ages 13 to16, this educational and informational program is hosted by wildlife expert Tim Faulkner. Viewers are provided an eye opening experience as Tim, animal expert and wildlife park operations manager, showcases the beauty and wonder of the natural world. Audiences will be brought closer to the natural world as Tim explores the habitats and adventures of creatures of all sizes. During this quarter Tim journeys to South Australia to help with conservation of the southern hairy nosed wombat; Tim provides care to two kangaroo joey orphans and brings them home to meet the family, and he checks in on some new dingo pups recently born at the Reptile Park; Tim rescues a diamond python from a drainpipe and travels to South Australia to look for the pygmy bluetongue skink, a rare lizard long believed to be extinct. As was reported in the last quarterly report, Outback Adventures with Tim Faulkner was preempted on 12/31 due to live sporting events airing on 1/1/17 from 1:30-2pm in its secondary time. Program was preempted from its regular time on 12/31 and moved to its secondary time period, Sunday at 1:30pm</p>

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half-hour weekly series, Sea Rescue, features the rescue, rehabilitation and - in many instances - release back into the wild of ocean wildlife. Produced for ages 13-16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there is a reciprocal benefit: rescued animals provide valuable insight into their biology and place in ecology. This information adds to the pool of knowledge necessary to conserve and preserve threatened and endangered species. This quarter heroic efforts are underway to rescue animals by airlifting them to safety and help; A humpback whale is tangled up in commercial fishing gear and it will take a herculean effort by a Canadian rescue team to save this majestic animal; The U. S. Coast Guard does not just save people, sometimes it saves animals, see some of their most memorable wildlife rescues. Rescue challenges abound and the clock is ticking as a humpback whale is tangled in fishing gear and a sea lion has fishing line wrapped tight around his neck.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Exploration with Jarod Miller is a half hour animal adventure live action series with the primary educational and informational mission to inspire viewers, especially the targeted teen audience ages 13 to 16 to preserve the innate human instinct to explore and better understand the wonders of the animal world. The producers design each episode to reveal to the young audience the world around them that in a way identifies positive role models and pro social values within an environmentally responsible universe to the animal kingdom. Each week Jarod looks at exotic and domestic animals from his own unique perspective as he travels to various locales and imparts information in an entertaining and memorable way to the audience. Program content is built around a theme such as the need for speed, animal heroes, or with ties to the animals environment adaptability or intelligence. Each show features a did you know segment enabling viewers to take away something useful in their everyday life. There is also a complementary website where young viewers can learn even more about the animal kingdom. The last telecast of the series was March 25th. In April, Wild About Animals airs in the time period.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids, targeting 13 to 16 year olds, motivates young people to take an active role in preserving aquatic environments and wildlife, by showing and teaching their future responsibility for the ecosystem and aquatic and marine life. The show's mission is to empower this generation, who like none other in history, has both the responsibility and resources to leave the legacy of a healthier, more sustainable planet and make a difference. Through the use of hands on collaboration between kids and science researchers and educators, Aqua Kids encourages children to take an active role in protecting the future of their communities and the world. In addition to the award winning show the series offers an interactive website where viewers can test their knowledge and expand their learning. Aqua Kids visit the Patuxent Environmental and Aquatic Research Laboratory to learn first hand about the research being done there to help bring back the dwindling Oyster and Crab populations in the Chesapeake Bay; they get a up close look at how the City of Superior, Wisconsin handles storm water runoff. From Retention Ponds to Engineered Wetlands; the Aqua Kids focus on the issue of micro plastics in our waterways and why it is such an environmental concern; and Aqua Kids visit Black Swamp Bird Observatory near Lake Erie working with the researchers to tag and track birds from across the world.

Email Address	dabbott@water.net
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Station WZVN has a commitment to air public service announcements that specifically address issues facing young people including but not limited to cyber bullying, internet safety, health hazards of smoking, texting while driving, school bus stop safety, stranger danger and other perils community youngsters encounter. WZVN supports the STEM program locally, a collaboration between area businesses and school systems to promote the advancement of educational training and specialization in the areas of Science, Technology, Engineering and Mathematics. Tours are available for students and teachers highlighting the STEM agenda and information is provided by staff of career possibilities in the broadcast industry as it relates to STEM studies. Numerous classrooms and youth organizations toured the station facilities this quarter. WZVN news anchors, reporters, meteorologists and management are also available for classroom visits throughout the school year and other speaking engagements for various groups and organizations. Additionally, numerous WZVN representatives are active throughout the community, some in high profile, decision rendering roles, serving on public service and charity committees and boards, some volunteering through non profit groups that specifically promote the well being of our area youth such as Boys and Girls Clubs, programs that give a healthy start to the day providing breakfast for students in need, family mentoring for families that are being reunited, and Reading Pals which promotes literacy.
