#### Broadcaster Information and Transition Plan

Question	Response
Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
Briefly describe transition plan	The station will replace the existing transmitter and antenna with a new transmitter and a new antenna that can operate at the new assigned frequency in compliance with the Phase I timeline. This is anticipated to be a direct replacement project.
