Digital Core  
Programming

| Question  | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream  | 3.0      |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream  | 0.0      |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:  | 0.0      |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | A significant purpose and key educational objective of this program is to teach young children all there is to know about life science. Each episode tackles a dozen or more mind-blowing and interesting questions concerning animals and their habitat. The show is a standard question and answer format to help test how much young people really know. The investigation of the answers takes viewers on a fast-paced and entertaining tour of the amazing animal kingdom. The show explains every answer so that young viewers are able to retain and understand the information provided. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Reino Animal educates young viewers on the natural habitat of animals in an educational, yet entertaining way. With narrations and interactive segments, the series builds upon natural science concepts, sparking a sense of curiosity in its viewers. The program discussed concepts like the functions of animals in an ecosystem, the elements of animal classification, and life sciences to help teach children about the natural world, while having fun at the same time. |

| Age of Target<br>Child<br>Audience   | 3 years to 7 years   |
| Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | Calimero is an animated series about a black chick born to a family of yellow chickens. The cartoon, based on the classic Italian character created in the 60's, features Calimero hanging out with his "special" friend Priscilla, and his friends Piero and Valeriano. Together they go to school, learn new things, and have adventures together in the town of Bellagio. The close friends readily express their loyalty to each other, even if they have different personalities. Meanwhile, issues like bullying, problem solving, and even sexism are dealt with in Calimero in ways that are easy to understand for small children. This contemporary installment of the retro classic, which has aired all over the world in various languages, sends the message that being different isn't a bad thing. |
