| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Mystery Hunters is an excellent example of a children's program that is innovative and empowering. Through critical observation, analytical thinking and scientific testing, the series encourages children to question the world around them. Through both the travel aspect and investigation of ancient myths and mysteries, there is a profound focus on history, culture, geography and international customs. The Mystery Hunters are Araya and Christina, regular kids with inquisitive minds, who travel the globe to investigate the sites and delve into the tales which have baffled people throughout the ages - looking for the Loch Ness Monster, unraveling a smelly mummy, searching for Princess Anastasia, and learning the true story of King Tut. Armed with video cameras and their instincts, they gather facts and meet the experts, debunking common myths and offering explanations for legends, spooky stories, and unexplained phenomena. They use critical thinking and scientific reasoning to show that things are not always what they seem. Back at the Discovery Mystery Lab, Doubting Dave, the resident skeptical scientist, challenges viewers to send in their own mysteries, and then tackles the questions with experiments and logical explanations. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Heroes Among Us" tells the stories of regular people who have chosen to make a difference in the lives of others. They are heroes that live in your community and have helped people you know. They are the unsung heroes who aren't seeking recognition or reward, but choose to act to correct injustice wherever they see it. Each episode features stories of courage and hope about people making a difference on every level, from the personal, to the professional, to the national stage. These ordinary people may just make a stranger's day a little brighter or they could change the world. Through reenactments and interviews we'll get to know these hometown heroes and what motivates them to do good and help their fellow humans. Each episode of "Heroes Among Us" educates and informs the audience with lessons in geography, social studies, medicine, emergency preparedness, civic participation, ethics and volunteer opportunities. |
