Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(43.2) Culture Click is a weekly half hour series that explores the genesis of, and reasons behind, cultural events that permeate our everyday lives. Developed and produced for viewers aged 13-16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping off point for a deep dive into the culture viewers 13-16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society, using the powe and speed of the internet and user generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's worth of aha moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will learn when they experience Culture Click.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(43.1) Produced primarily for the 13 to 16 target audience, Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist, Danni Washington, exudes energy as she relat how technology all around us was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds and in helicopters influenced by the dragon fly and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers aren't the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants, architects who design living buildings, and roboticists who are making their designs bigger, stronger and faster based on animals. This series will help kids to understar how getting outside and taking a look around can help them make the next great discovery.

Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(47.1) Produced primarily for the 13 to 16 target audience, Xploration DIY Sci will inspire and educate audiences of all ages. Host, science educator, and leader in the field of professional educational training, Steve Spangler, encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun, relaxed attitude, Steve will take viewers through step-by-step demonstrations of do-ityourself experiments that amaze but which also relate back to solid principles of science. For instance, Steve Spangler, became nationally known with a video showing him dropping the candy "Mentos" into a bottle of diet soda. It erupts in a geyser of soda. On Xploration DIY Sci, Spangler demonstrates the experiment and also explains the science of why, on a molecular level, the soda reacts that way to the candy. Xploration DIY Sci is a half hour weekly E/I series produced with the intention of increasing and expanding our target audience's interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home.

Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturday, 12:30p
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. (47.2) "Culture Click" is a weekly half-hour series that explores the genesis of and reasons behind cultural events that permeate our everyday lives. Developed and produced for viewers aged 13-16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping-off point for a deep dive into the culture viewers 13 to 16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society using the power and speed of the internet and user-generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's work of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will earn when they experience "Culture Click"
