Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pets.TV is a television program that provides educational and informational segments exposing the target audience of young viewers to everything Pets. The upbeat contemporary presentation relates pets to their lives and interests. Pets from everyday to the unique are showcased with educational information that shares how they evolved to become pets and their geographic origins. Professionals share personal experiences of featured animals and/or related products. In these segments the excitement and love of working with pets is expressed. The motivational and inspirational message of each guest empowers audiences of all ages to pursue more information and education about everything pets. Each segment of Pets.TV delivers an educational and informational message that supports current social, intellectual and emotional aspects of children ages 13 and up. Attributes and advice emphasized by guests instill a grounded balance of priorities, commitment, and perseverance children can apply to their lives. The Vegas Glitz. The La Glamour. The highest peaks. The driest deserts. The biggest events. And the hidden gems. Everything from State to State.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wild Wonders is a weekly half-hour reality series allowing teen viewers to become familiar with various wild animals at the world famous San Diego Zoo. The series focuses on various critters and examines their differences. The program also provides important information about each animal's living habits and includes interviews with people who care for them. In one episode, viewers learn about the unique relationship between a cheetah and a dog. Another episode spotlights the various eating habits of different animals. This program educates viewers on the life in the animal kingdom. Young viewers will learn and understand how animals survive in a human world and more importantly their minds will open up to new and spectacular animals.
