Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	LUCKY DOG Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	DR. CHRIS PET VET Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	THE INSPECTORS is a scripted dramatic series inspired by compelling real-life cases handled by the United States Postal Inspection Service. In the series, Preston Wainwright, a determined teenage boy who is thriving after being paralyzed in a car accident, works as an intern at the U.S. Postal Inspector's lab assisting his U.S. Postal Inspector mom, Amanda, in solving crimes that deal with everything from internet scams, identity and mail theft, to consumer fraud. The program strives to educate young people about making the right choices in their daily lives, encourages open communication between teens and parents and includes positive messaging regarding living with disabilities, overcoming challenges, beating the odds and the power of perseverance. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program offers teens an opportunity to view everyday people - regardless of age, sex, occupation or education - stepping forward and acting in a socially responsible and moral fashion when faced with crises and moral dilemmas. In a candid camera-type format, individuals are placed in situations that cause them to demonstrate acts of kindness and generosity, stand up for diversity, shield others from bullies, and embrace friendships. In addition, the program includes segments that focus on overcoming ones fears, as well as rewarding individuals for their unselfish kindness and community service. The program seeks to encourage young viewers to increase their sensitivity and awareness, in order to refine their own moral compass. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"Eco Company Teens" explores all aspects of being "green" and understanding how our actions impact the world. Viewers learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	PET VET DREAM TEAM is a live action, half hour television program designed to meet the educational and informational needs of children aged 13 to 16. PET VET DREAM TEAM follows talented veterinarians Dr. Lisa Chimes and Dr. Andrew Marchevsky of the Small Animal Specialist Hospital (SASH), where they deal with compelling cases of infirm and injured pets. Viewers also see exotic animal expert Tim Faulkner in action at the Australian Reptile Park, where he cares for animals big and small, from crocodiles to koalas. Together, these three authorities race to cure their furry and feathered charges educating viewers on a range of medical procedures and zoological practices along the way. As viewers catch a behind the scenes look at the veterinary profession, they also learn responsibility and empathy for animals of all kinds through the passionate work of the PET VET DREAM TEAM.

Certification

Question	Response
