Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program airs on the station's Quaternary digital stream, Channel 15.4.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program features young people who have been chosen to be profiled because of their adoption of pro-social values and principles. The particular youth featured is interviewed by a celebrity in the same talent field. This program shows the viewer that honesty, loyalty, hard work, self-discipline and balancing school work with social activities and friends, and developing a sense of purpose in his or her life, all combine to help the viewer stand against influences which could hurt him or her or others. This program airs on the station's Quaternary digital stream, Channel 15.4.
