Broadcaster	Question	Response
Information and Transition Plan	Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	Yes
	Briefly describe transition plan	Replace the transmitter, antenna and transmission line. Analyze and modify 222- F candelabra tower. WJXT tower at capacity. Operate interim facility at alternate- site. Share main antenna and transmission line with WCWJ.
