Host and Marine Biologist, Danni Washington, exudes energy as she relates how current technology was inspired by nature, and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds, and in helicopters influenced by the dragonfly, and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel! But engineers aren't the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants, architects who design "living buildings," and roboticists who are making their designs stronger based on animals. This series will show kids how understanding nature can help them make the next great discovery. After all, nature knows best!

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This live action series (based on the comic strip You Can with Beakman by Jok Church) proves that learning about science and nature can be fun and fascinating. Performance artist Paul Zaloom stars as the slightly nutty but never boring scientist whose answers to kids' questions reveal the relationships between principles of science and nature and how they impact our daily environment. Topics are addressed with cutting-edge humor and state-of-the-art visuals designed to make learning fun. Joining Beakman in his quest onward for science are Josie (Alanna Ubach), his bright young apprentice, and an oversize, sarcastic rat named Lester (Mark Ritts). Watching the show on their South Pole TV set are penguins Herb and Don, a cynical duo who provide comments and quips as Beakman struts his scientific stuff.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	Due to an error in programming provided directly from Grit Network, on October 27, 2018 at 10:30 AM, episode 304 of Rock the Park aired without the required E/I graphic. As a result, we did not include the October 27 run of Rock the Park episode 304 in our core E/I totals. Rock the Park episode 304 ran again in its second home on November 3 at 11:00 AM with the E/I graphic, and that run is included in the core E/I programming.
