Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	5.88
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This weekly half-hour series is produced and designed to educate and inform children 13-16 years of age and taps into America's love affair with our national parks. In this awe-inspiring and entertaining series our hosts, Jack Steward and Colton Smith, come face to face with nature and some of the most amazing places on earth. Viewers will witness the fascinating underwater world of Dry Tortugas National Park in Florida, which is home to the world's most unique coral and marine life. They'll watch as Jack and Colton raft their way through Alaska's remote Aniakchak National Monument and Preserve, spotting the region's famous brown bears. Viewers will reach new heights as Jack and Colton embark on their biggest climbing challenge yet - The Grand Teton in Wyoming's Grand Teton National Park.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	In each episode of this live action series, a young adult host enlists the help of children in the area to work together to improve playgrounds in their community. Together, the children select a theme for the new playground and make decisions on how to make their park great. The lessons in this series support a child's social and emotional development and encourage volunteerism and teamwork.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This highly educational program speaks to the curious minds and active imaginations of elementary age kids and encourages the transfer of knowledge into their everyday lives. The basic premise is the idea that math is everywhere, and each episode includes real children who help the host solve mathematical or scientific curiosities. The program highlights live action children in real world settings putting lessons into action by seeking their value within everyday life.

Liaison Contact

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Pam Jessen
Address	115 S. Jefferson Street
City	Green Bay
State	WI
Zip	54301
Telephone Number	(920) 438-3227
Email Address	pjessen@wbay.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	On 10/27/18, a network special report on 2.1 interrupted The Great Dr. Scott from 10:32am until 10:45am. On 2.2 three episodes had technical difficulties which we counted as preemptions. The first was on 11/17, when technical difficulties prevented the correct episode from airing. We still aired the program, but it was an episode that already aired earlier in the week. Then on 12/26 and 12/27, an issue with the format caused only the first 20 minutes of each episode to air.
