Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Between 1/1/19 and 1/31/19, we only had two multicast digital channels, airing a weekly average of 336 hours of programming/6 hours of core programming. Effective 2/1/19, we added two more multicast digital channels, 2.4 (H&I) and 2.5 (Start TV). Our answers to the digital core programming section reflect the averages after 2/1/19. In reporting the number of regularly scheduled programs on those two channels for 1Q, we did not include the month of January. On our main channel 2.1, network programming preempted Sports Star of Tomorrow on 3/2/19. Due to our annual local telethon that weekend, we did not have room to air this in its second home. On our multicast digital channel 2.3 on 1/4/19, four programs aired without displaying the E/I symbol due to a technical issue. We are counting those as preempts, and those episodes were made good with the E /I symbol on 1/18/19.
