Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Heart of a Champion with Lauren Thompson is a live action, half-hour television program designed to meet the educational and informational needs of children aged 13-16. Heart of a Champion with Lauren Thompson features the powerful and inspiring stories that exemplify what it really means to be a true champion. Hosted by Lauren Thompson, the series introduces viewers to people who have overcome obstacles while leading transcendent moments from the world of sports. From beating the odds to play the game they love, to giving back to the communities that supported them, the featured athletes will share their own stories and personal triumphs. Viewers will learn the value of good sportsmanship, and the dedication it takes to excel at the highest level. Win or lose, Heart of a Champion with Lauren Thompson proves that a champion is not only defined by their speed, strength, and agility, but by their grit, resiliency, and heart.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a weekly half-hour series that is educational and informational and serves the needs of children ages 13-16. Think Big features top kid inventors who face off against each other in an Invent-Off to see who can come up with the most innovative and creative invention. Each episode is set in the Think Tank, a studio filled top to bottom with art supplies and construction materials. Two teams, each led by a Featured Inventor, brainstorm, choose materials, and then sketch, design and build their idea. Once completed, the competing inventions are presented to a judge. The best invention wins bragging rights and the coveted Genius Cup. In Think Big, kids acquire and showcase their skills in creativity, science, innovation, marketing, design and teamwork. Think Big, is a kid-hosted entertaining series for young people following the world's most innovative kids as they create and invent new toys, games, learning tools, websites and new modes of transportation. Some even start their own companies.
