Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Henry Ford's Innovation Nation, hosted by Mo Rocca, features the celebration of the inventor's spirit - from historic scientific pioneers throughout past centuries to the forward-looking visionaries of today. Each episode tells the dramatic stories behind the world's greatest inventions, and the perseverance, passion and price required to bring them to life. The program includes segments focusing on 'what if it never happened' and 'the innovation by accident', and has a strong focus on 'junior geniuses' who are changing the face of technology. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
