Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	11.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program airs on the fourth digital stream, channel, 6.4 Wednesdays from 4/3/19 to 6/26/19.

<p>Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p>	<p>During this quarter, WJAC aired public service announcements that addressed the topics important for young people, such as practicing good manners, developing confidence, caring, suicide prevention, and bully prevention. In addition, spots about drinking and driving, texting and driving, and resources for teens also aired. WJAC-TV on-air personalities made several personal appearances this quarter at sites throughout the viewing area. On April 16th, Chief Meteorologist Tony Martin visited the Foundations Christian Academy to explain the job of a TV Meteorologist and weather terminology. On May 7th, he visited the Cairnbrook Elementary School 4th Grade and explained green screen technology in weather forecasting. On May 29th, he made a weather presentation to students at the Richland Elementary School. On April 1st, Investigative Reporter Crispin Havener hosted students interested in Broadcast Journalism from Instructor B.G. Wilson's Indiana University of Pennsylvania class to observe the production of the Noon News program and observe the live telecast. On Sunday, May 19th, Crispin also participated in a fundraiser for children with Neurofibromatosis, a rare genetic disorder affecting several children in the viewing area. On April 3rd, H.R. Coordinator Nancy Shull and Administrative Assistant Laura Kelly spoke to students at Penn Highlands Community College about jobs in television and internship opportunities. On May 1st, Nancy also attended a job fair at the Greater Johnstown Career and Technology Center to teach the students about the education requirements for careers in television. On April 11th, Marketing Consultant Brittany Baker spoke to over 400 students at the Somerset Career and Technology fair about her career path and opportunities in the television industry. On April 12th, Sports Director Ryan Stanko spoke to students at Freeport High School about the skills required to be a sports reporter. Meteorologist Breyne Guy visited the Salisbury Elk Lick Jr. Sr. High School to talk about weather forecasting and the science of meteorology. On June 6th, Promotions Manager Chad Mearns and News Anchor Jen Johnson visited Westmont Elementary School to discuss their jobs and demonstrate green-screen technology. On June 24th Meteorologist Mary Ours visited with children at the Lilly Washington Library Summer Program and read them a book about weather events and terms. She also visited the Jennerstown Speedway on June 29th, greeted race goes, and sang the National Anthem before racing began. On June 10th, students from the Panessa Home School Association visited the studio the learn about weather forecasting and green-screen technology from Meteorologist Breyne Guy.</p>
