Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	504.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Total times aired at regularly scheduled time	10
Total times aired	11
Number of Preemptions	1
Number of Preemptions for other than Breaking News	1
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Host Philippe Cousteau (grandson of famed undersea explorer Jacques Cousteau) brings energy to every location he visits while seeking to inspire and educate viewers in earth sciences. This program takes an in-depth look at the unique and distinct features on planet Earth, from magnificent mountains to erupting volcanoes. Viewers will not only behold the beauty of gigantic glaciers, but also discover why they formed and how they shaped our landscape. Geological experts share their wisdom with Philippe, as he strives to understand places on, inside, and above the Earth. This program airs on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week, host Emily Calandrelli takes journeys through space that will both entertain and educate viewers. Ever wonder what it would be like to live in space or on a different planet? Emily shows viewers what it is like to try to perform everyday tasks while floating in zero gravity and living in a Mars-like habitat. Episodes feature space robotics, commercial space tourism, asteroids, the search for other life in space, and many other topics, including NASA-related programs as applicable to the episodes. This program airs on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is about two teenagers from different backgrounds who "swap" lives for a weekend. The program explores the opposite lives of the participating youngsters as they learn about different cultures and family settings. Young viewers are exposed to the special interests of the "swapping" participants and what adjustments they make to a different life situation. The program teaches tolerance of various races, creeds and backgrounds, while being exposed to and appreciating someone else's way of life. This program airs on the secondary digital stream, channel D2.

<p>Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.</p>	<p>KMPH CD continued to serve the educational, informational, and social needs of children throughout the 3rd Quarter 2019 through extensive broadcast and outreach activities. The station has continued to air PSAs for local and national organizations serving the interests of children and families, including The Ad Council's Childhood Asthma Attack Prevention Campaign - Fish, motivating parents of asthmatic children to learn how to prevent asthma attacks and avoid the emergency room, The Ad Council's Fatherhood Involvement Campaign - Teapot Moment featuring WWE wrestler Roman Reigns, encouraging men to take time to be a dad today by playing an active and responsible role in their kids' lives, The Ad Council's Autism Awareness Campaign - The World of Autism, which creates awareness by taking viewers through an imaginative world to illustrate the signs of autism and encourages parents to learn all the signs by looking into the website, The Ad Council's Discovering Nature Campaign - Connected, which reminds viewers that trails are a family's guide to the transformative power of discovery in the forest and parks near them. We also have presented stories in our newscasts highlighting children's issues, including a story about the Fresno County Sheriff's Office advising those who want to go rafting, not to buy a cheap or discounted inflatable rafts, after a young boy was badly hurt when his raft popped. We presented safety tips to parents and adults supervising children around fireworks, explaining the dangers, and urging everyone to stay safe during the Fourth of July holiday. A story on student safety, which is a top priority for parents and students at the beginning of the school year. Many schools are now using new technology to keep their students' safe, including a new warning systems that can be triggered by teachers. We also aired a story on what parents can do to prepare for the disappearance of their child, something that can make the difference in bringing them home quickly and safely. We alerted viewers to a recall on many popular trampolines because the metal legs can give out, causing a fall and injury hazard. We identified the affected brands, and provided contact information for those wanting to participate in the recall. We reported on another option for child safety bullet proof backpacks. They are available at several local retailers and even come with instructions for the best ways to use them during an emergency. We also warned parents about the stressors students are feeling heading into back to school season. This story includes tips on how to talk to your children and comfort them about stressful topics like bullying or shootings. This is important for people to know about as schools go back into session. The station continues to offer tours of our facility to local schools to show where and how the news is produced and to answer questions on what skills are needed to work in the industry, including education. The station's on air talent maintains an extensive schedule in the community.</p>
