Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	999.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	15.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Kids are experts at being kids. Teachers are experts at being teachers. So what happens when they switch places? 5 kids and 8 adults will spend 8 days getting schooled in what it means to be the other. Who will learn more? Kids will be kids but for eight days five energetic teens get a shot at being adults when they trade places with their teachers in this ultimate role reversal reality show. Over eight days, the adults will learn anything the kids feel is important like Phyz Ed, Issues, Life Skillz, Rock Skool and Psych. But while the adults remember just how hard it can be to be a student, the kids get a taste of their own medicine when they realize there might be more to teaching than they thought.
