## Response

Information
Will the station be sharing equipment with
another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.

Briefly describe transition plan

The plan is to replace the existing channel 39 system with a retuned transmitter, a new channel 30 antenna, new $3^{\prime \prime}$ flex air line, and new filter.
