| Permits and   | Section              | Question   | Response |
|---------------|----------------------|--|----------|
| Tower Studies | Approval and Permits | Does the Station require FAA approval (e.g., completion of FAA Form 7460-1 and a "No Hazard Determination") in order to construct its post-auction facility? | No       |
|               |                      | The Station has requested FAA approval for its post-auction facility.  |          |
|               |                      | The Station has received FAA approval for its post-auction facility.   |          |
|               |                      | Does the Station require Federal, State, and/or local permits, and/or a review of environmental impact, for its post-auction facility?                       | No       |
|               |                      | Station has requested necessary Federal, State and/or local permits and/or review of environmental impact for its post-auction facility                      |          |
|               |                      | Station has received necessary Federal, State, and/or local permits and/or review of environmental impact for its post-auction facility                      |          |
|               | Tower Studies        | Are radio frequency (RF) studies required in order for the Station to construct its post-auction facility?   | No       |
|               |                      | RF studies have been started   |          |
|               |                      | RF studies have been completed   |          |
|               |                      | Are structural tower studies required in order for the Station to construct its post-auction facility?   | Yes      |
|               |                      | Structural tower studies have been started   | Yes      |
|               |                      | Structural tower studies have been completed   | Yes      |

| Station   | Section           | Question  | Response       |  |
|-----------|-------------------|---|----------------|--|
| Equipment | Station Equipment | The Station has placed orders for the following equipment, if required:   |                |  |
|           |                   | Main Facility Antenna   | Yes            |  |
|           |                   | Main Facility Transmitter   | Not Applicable |  |
|           |                   | Main Facility Transmission line   | Yes            |  |
|           |                   | Main Facility Mask Filter and/or RF Combiner  | Yes            |  |
|           |                   | Auxiliary antenna and related equipment   | Yes            |  |
|           |                   | Does the Station anticipate that it will receive all necessary equipment in time to meet the construction deadline for the Station's main facility? | Yes            |  |
|           |                   | Has Station received all required new broadcast equipment (antenna, transmitter, etc.) necessary to begin construction?                             | Yes            |  |

| Antenna         Towers Construction and<br>Antenna Installation         Does the Station's post-auction facility require tower<br>construction/modification work?         No           Image: Destination of the Station's post-auction facility<br>require construction of a new tower or substantial<br>modification of an existing tower?         Image: Destination of an existing tower?         Image: Destination of an existing tower?           Has all necessary tower work been scheduled?         Image: Destination anticipate that all tower work, including<br>antenna installation, will be completed in time to meet its<br>construction deadline?         Yes           Auxiliary Antenna         Does the Station started all outside tower work and made all<br>necessary equipment upgrades to commence testing of its<br>new auxiliary antenna system?         Yes           Has the Station started all outside tower work and made<br>all necessary equipment upgrades to commence testing of<br>its new auxiliary antenna system?         Yes           Has the Station started testing on its new auxiliary antenna<br>system?         Yes | Towers and | Section               | Question   | Response |

| Auxiliary AntennaDoes the Station require use of a new auxiliary antenna<br>system?YesHas the Station started all outside tower work and made all<br>necessary equipment upgrades to commence testing of its<br>new auxiliary antenna system?YesHas the Station completed all outside tower work and made<br>all necessary equipment upgrades to commence testing of<br>its new auxiliary antenna system?YesHas the Station completed all outside tower work and made<br>all necessary equipment upgrades to commence testing of<br>its new auxiliary antenna system?YesHas the Station started testing on its new auxiliary antenna<br>system?Yes   |            |                       | Has all necessary tower work been completed?   |          |
| system?Has the Station started all outside tower work and made all<br>necessary equipment upgrades to commence testing of its<br>new auxiliary antenna system?YesHas the Station completed all outside tower work and made<br>all necessary equipment upgrades to commence testing of<br>its new auxiliary antenna system?YesHas the Station started testing on its new auxiliary antenna<br>system?Yes  |            |                       | antenna installation, will be completed in time to meet its  | Yes      |
| necessary equipment upgrades to commence testing of its<br>new auxiliary antenna system?YesHas the Station completed all outside tower work and made<br>all necessary equipment upgrades to commence testing of<br>its new auxiliary antenna system?YesHas the Station started testing on its new auxiliary antenna<br>system?Yes  |            | Auxiliary Antenna     |  | Yes      |
| all necessary equipment upgrades to commence testing of<br>its new auxiliary antenna system?Has the Station started testing on its new auxiliary antenna<br>system?  |            |                       | necessary equipment upgrades to commence testing of its  | Yes      |
| system?  |            |                       | all necessary equipment upgrades to commence testing of  | Yes      |
| Has the Station completed all testing on its new auxiliary.  |            |                       |  | Yes      |
| antenna system such that it may now cease broadcasting on<br>its pre-auction channel?  |            |                       |  | Yes      |
| Post-auction FacilityHas the Station completed all work, including construction,<br>modification and/or installation, related to construction of its<br>post-auction facility such that it is ready to begin testing on<br>its post-auction facility?No  |            | Post-auction Facility | modification and/or installation, related to construction of its post-auction facility such that it is ready to begin testing on | No       |
| Has the Station completed all tower work? No   |            |                       | Has the Station completed all tower work?  | No       |
| Has the Station completed all in-building (equipment) work? Yes  |            |                       | Has the Station completed all in-building (equipment) work?  | Yes      |
| Does the Station have other issues that must be addressed Yes<br>before it can fully construct and/or operate its post-auction<br>facility?  |            |                       | before it can fully construct and/or operate its post-auction  | Yes      |
| Please Explain:<br>WGBO-DT has transitioned to its post auction channel using an Auxiliary Facility. Installa<br>of the stations permanent antenna is now underway and expected to be completed in by<br>August 2020.  |            |                       | WGBO-DT has transitioned to its post auction channel using a<br>of the stations permanent antenna is now underway and expect     |          |
| Has the Station completed all construction work on its post-<br>auction facility that is necessary to complete an application<br>for a license to cover that facility?No   |            |                       | auction facility that is necessary to complete an application  | No       |
| Pre-auction Channel       Has the Station ceased broadcasting on its pre-auction       Yes         channel?  |            | Pre-auction Channel   |  | Yes      |

| Certification | Section                             | Question  | Response   |
|---------------|-------------------------------------|---|--|
|               | General Certification<br>Statements | The Applicant waives any claim to the use of any particular<br>frequency or of the electromagnetic spectrum as against the<br>regulatory power of the United States because of the<br>previous use of the same, whether by authorization or<br>otherwise, and requests an Authorization in accordance with<br>this application (See Section 304 of the Communications Act<br>of 1934, as amended.).   |  |
|               |                                     | The Applicant certifies that neither the Applicant nor any<br>other party to the application is subject to a denial of Federal<br>benefits pursuant to §5301 of the Anti-Drug Abuse Act of<br>1988, 21 U.S.C. §862, because of a conviction for<br>possession or distribution of a controlled substance. This<br>certification does not apply to applications filed in services<br>exempted under §1.2002(c) of the rules, 47 CFR . See §1.<br>2002(b) of the rules, 47 CFR §1.2002(b), for the definition of<br>"party to the application" as used in this certification §1.2002<br>(c). The Applicant certifies that all statements made in this<br>application and in the exhibits, attachments, or documents<br>incorporated by reference are material, are part of this<br>application, and are true, complete, correct, and made in<br>good faith.  |  |
|               | Authorized Party to Sign            | <ul> <li>FAILURE TO SIGN THIS APPLICATION MAY RESULT IN<br/>DISMISSAL OF THE APPLICATION AND FORFEITURE<br/>OF ANY FEES PAID</li> <li>Upon grant of this application, the Authorization Holder may<br/>be subject to certain construction or coverage requirements.</li> <li>Failure to meet the construction or coverage requirements<br/>will result in automatic cancellation of the Authorization.</li> <li>Consult appropriate FCC regulations to determine the<br/>construction or coverage requirements that apply to the type<br/>of Authorization requested in this application.</li> <li>WILLFUL FALSE STATEMENTS MADE ON THIS FORM<br/>OR ANY ATTACHMENTS ARE PUNISHABLE BY FINE AND<br/>/OR IMPRISONMENT (U.S. Code, Title 18, §1001) AND/OR<br/>REVOCATION OF ANY STATION AUTHORIZATION (U.S.<br/>Code, Title 47, §312(a)(1)), AND/OR FORFEITURE (U.S.<br/>Code, Title 47, §503).</li> </ul> |  |
|               |                                     | I certify that this application includes all required and relevant attachments.   |  |
|               |                                     | I declare, under penalty of perjury, that I am an authorized representative of the above-named applicant for the Authorization(s) specified above.  | CHRISTOPHER G. WOOD<br>SVP ASSOC GEN COUN<br>GOV AND REG AFF |
|               |                                     |   | 07/01/2020   |
