Broadcaster Information and Transition Plan

Question	Response
Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	Yes
Briefly describe transition plan	We powered down the old transmitter, took down the old antenna and removed the old transmitter. We then installed the new transmitter and antenna in place of the old ones using existing wave guide. This occurred in a three hour period in Nov. of 2018.
