Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Every week Jarod travels to zoos and aquariums to explore animals that fit a particular theme, whether it is the need for speed or animal heroes - there is always something amazing happening. Filled with energy, youth and humor, Jarod is a welcome visitor in the living rooms around America on a weekly basis. It is the mission of this program to inspire viewers, children and adults alike, to preserve the innate human instinct to explore. The producers design each episode to reveal to children the world around them in a way that identifies positive role models and prosocial values within an environmentally responsible universe.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Career Day is a TV program that introduces young adults to career exploration and awareness. Students often do not know what they want to do and are unsure of potential interests they may have that could be a career. Career Day provides an avenue to view experts in their respective fields as they discuss their work, the education/training to prepare for the job, and experiences that led them to choose their career. To encourage students to make informed decisions, young adults must be introduced to career awareness, such as the concept that success in most careers requires education and training.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Young, enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half-hour, produced for ages 13-16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model for 13-16 year old viewers by showing her passion for her family, life and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time - sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude toward food and life.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	In this weekly half-hour series developed and produced to educate and inform viewers ages 13-16, our hosts scan the country finding those who "pay it forward" to promote health and wellness. The remarkable people that viewers meet are referred to as "agents of change," special individuals who are making big changes in people's lives, one small step at a time. Everyday Health is a series that uniquely raises awareness to help fight obesity, raise self-esteem, establish physical fitness habits and prevent negative health choices. An inspirational program about people who confront challenges by taking control, Everyday Health, through captivating storytelling, reports on amazing teens and other selfless Americans who are "paying it forward," with good will and new ideas that will inspire other teens to take action.
