Program Title	The Chica Show
Origination	Network
Days/Times Program Regularly Scheduled	SA @ 9:00AM (episodes begin Feb 9)
Total times aired at regularly scheduled time	8
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chica is a five-year old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure-a fantasy transformation to animation-- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.

We meet them in the bedroom, a dormitory of sorts, where they show us their nighttime routine of brushing their teeth and having quiet conversation before falling off to sleep. The quiet time, always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the socio-emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced during the adventure, and the children return home confident, getting ample rest for today and facing their issues tomorrow.
