Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Real Winning Edge series is developed to be an educational and informational program for the 13-16 year age group. It is designed to help youth make winning choices in their lives in order to grow to be productive citizens. This series is based on role models who are making pro-social life choices. Emphasis on being honest, loyal, hard working toward productive goals, and treating others as they would like to be treated, are values emphasized by the positive role models in The Real Winning Edge. Education research indicates that, from preadolescence through the teenage years, youth are most influenced by their peers. Their role model preferences switch from parents to the sports and entertainment icons during these years for most. If the peers and the icons promote antisocial standards and nonconformity to guiding principles honored in our society, youth soon adopt behaviors that not only hurt others but hurt themselves. The Real Winning Edge will go a long way in helping youth to develop character, being the best they can be by seeing their peers and the celebrities whom they admire, who themselves have the character to make winning choices. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 9:30am; (3) it is regularly scheduled on Sundays; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	<p>Due to an error caused by a bad version of the program that we received from the program distributor, the MeTV Network educational program "Safari", which aired on Saturday, March 23, 2013 from 10:30- 11:00am Eastern/Pacific Time (9:30- 10:00am Central/Mountain Time) did not contain an "E/I" logo superimposition throughout the entire program. This program was identified by the Network as an "E/I" program to the suppliers of program guides, and it was also introduced by an announcement stating that the following program is an "E/I" program. In addition, the "E/I" logo did appear as a superimposition over the program for approximately the first five seconds at the start of each program segment. Due to an error, the logo did not continue to be superimposed thereafter. MeTV Network has informed us that this was an inadvertent error and actions have been taken to help ensure the error does not recur. In addition, this same program episode was aired in a rebroadcast on Saturday, March 30, 2013 from 11:00- 11:30am Eastern/Pacific Time (10:00- 10:30am Central/Mountain Time) in its established second home. This rebroadcast was publicized by announcements on MeTV Network, and the "E/I" logo was superimposed over the program for the entire program duration in this rebroadcast. KOKI-TV has made efforts to address educational and informational 1st Quarter 2013: (1) KOKI-TV regularly gave tours to school children of all ages to educate and inform them on how shows and News reach their TV sets. (2) PSAs aired on KOKI-TV were geared towards children 16 and under. Topics included but not limited to were: Fire Safety, Racial Cooperation, Girls Learning Mathematics & Science, Environmental Awareness, Energy Efficiency, and No Forest Fires.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Real Winning Edge series is developed to be an educational and informational program for the 13-16 year age group. It is designed to help youth make winning choices in their lives in order to grow to be productive citizens. This series is based on role models who are making pro-social life choices. Emphasis on being honest, loyal, hard working toward productive goals, and treating others as they would like to be treated, are values emphasized by the positive role models in The Real Winning Edge. Education research indicates that, from preadolescence through the teenage years, youth are most influenced by their peers. Their role model preferences switch from parents to the sports and entertainment icons during these years for most. If the peers and the icons promote antisocial standards and nonconformity to guiding principles honored in our society, youth soon adopt behaviors that not only hurt others but hurt themselves. The Real Winning Edge will go a long way in helping youth to develop character, being the best they can be by seeing their peers and the celebrities whom they admire, who themselves have the character to make winning choices. This program meets the definition of Core Programming because: (1) it serves the educational and informational needs of children ages 16 and under; (2) it airs at 9:30am; (3) it is regularly scheduled on Sundays; (4) it is 30 minutes in length; (5) the educational/informational objective and target child audience for this program are specified on air and to program guide publishers.
