Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle is an instructional series that features creating art projects and cooking projects around a specific theme. The show is hosted by Sean, who drives around in a double decker bus fully equipped with art supplies and a kitchen, all ready for any assignment. The projects encourage parent engagement and often feature families working together to make something for display in the chils home. Sean is accompanied by Doggity, an every faithful Beagle dog, who transforms into an animated character during interstitial trips to a parallel universe and kitchen full of prank playing animated characters. The art projects typically feature lessons on recycling materials for re-use in making art and always demonstrate that creativity can transform something intended for one purpose into something useful to achieve a completely different goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>The Pajanimals are a group of four preschool aged puppets who live together in house with their off-screen mother and father. We meet them in the bedroom, a dormitory of sorts, where they show us their nighttime routine of brushing their teeth and having quiet conversation before falling off to sleep. The quiet time, always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the socio-emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced during the adventure, and the children return home confident, getting ample rest for today and facing their issues tomorrow.</p>
