Digital Core
Programming

| Question | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream | 6.0 |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream | 504.0 |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671: | 17.0 |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? | Yes |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes |

Digital Core
Programs(29)

| Digital Core Program (1 of 29) | Response |
|--|--|
| Program Title | The Zula Patrol (45.1) |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Saturday 9:00am-9:30am |
| Total times aired at regularly scheduled time | 13 |
| Total times aired | |
| Number of Preemptions | 0 |
| Number of Preemptions for other than Breaking News | |
| Number of Preemptions Rescheduled | |
| Length of Program | 30 mins |
| Age of Target Child Audience | 4 years to 6 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | A 3D/CG animated children's show, is designed to entertain while promoting an understanding of science and astronomy through engaging character-driven stories, which focus on specific educational science learning objectives. The series, about a group of animated aliens who travel the galaxies to learn new and exciting things about science and space exploration, is targeted to pre-kindergarteners through third-graders (ages 4-8 years old) and delivers both astronomy-based science education (orbits, eclipses, moon phases, asteroids, comets, gravity), as well as character-building lessons. In every episode of The Zula Patrol, the characters demonstrate inquiry-based learning and critical thinking skills. They also model inquisitiveness, observation, self-reflection, and social experiences that encourage collaboration, teamwork, and an excitement for scientific exploration and problem solving. |
| Does the Licensee identify the program by displaying throughout the program the symbol E/I? | Yes |

| Age of Target Child Audience | 2 years to 6 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | In each episode, children will be immersed in a topic that will be the basis of a compelling story with a problem and resolution. Sample topics include: grooming habits, communication, caring for the young, eating habits, shelter, etc. Children will leave the episode with a simple, clear understanding of how this topic can play out in the animal world. They will be exposed to a variety of situations/customs that will invite them to consider how this topic plays out in their own lives and what it means to them, e.g., what does shelter mean to me? How do I deal with cold weather? How do I communicate? etc |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Is an exciting and entertaining series of half-hour programs focused entirely on African wildlife. Filmed in exotic African locations, every show will explore the magnificent and mysterious world of Africa's animals, all in their natural habitat. Led by Ushaka, the show's young South African host, SAFARI TRACKS takes the viewer from the brushlands of the Savanna to the great Okavango, from the greatest game reserves to the most remote beaches of Madagascar - and beyond! We'll see everything from rare African birds to "creepy crawlers" to animal babies interacting with their mothers and siblings. SAFARI TRACKS will educate young viewers about wildlife conservation and show them how to better support efforts to protect endangered species. All of this while remaining fun, fast-paced and always surprising. |

| Program Title | The Zula Patrol (45.1) |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Saturday 9:00am-9:30am |
| Total times aired at regularly scheduled time | 13 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 4 years to 6 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | A 3D/CG animated children's show, is designed to entertain while promoting an understanding of science and astronomy through engaging character-driven stories, which focus on specific educational science learning objectives. The series, about a group of animated aliens who travel the galaxies to learn new and exciting things about science and space exploration, is targeted to pre-kindergarteners through third-graders (ages 4-8 years old) and delivers both astronomy-based science education (orbits, eclipses, moon phases, asteroids, comets, gravity), as well as character-building lessons. In every episode of The Zula Patrol, the characters demonstrate inquiry-based learning and critical thinking skills. They also model inquisitiveness, observation, self-reflection, and social experiences that encourage collaboration, teamwork, and an excitement for scientific exploration and problem solving. |

| Program Title | Mama Mirabelle (45.1) |
| Origination | Network |
| Days/Times Program Regularly Scheduled | Sunday 8:00am-8:30am |
| Total times aired at regularly scheduled time | 13 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 2 years to 6 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | In each episode, children will be immersed in a topic that will be the basis of a compelling story with a problem and resolution. Sample topics include: grooming habits, communication, caring for the young, eating habits, shelter, etc. Children will leave the episode with a simple, clear understanding of how this topic can play out in the animal world. They will be exposed to a variety of situations/customs that will invite them to consider how this topic plays out in their own lives and what it means to them, e.g., what does shelter mean to me? How do I deal with cold weather? How do I communicate? etc. |
