Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Zou is a French series based on the Zou books by Michel Gay. Targeted for children age 2-5, each episode explores the kind of learning issues that emerge from every day encounters in the life of a preschool child. If Zou plays his drums too loud, how can he learn to play them softly? If Zou wants a car, but has only a cardboard box, how can he transform it? If Zou lost his friend's favorite airplane, how does he explain? How can Zou be successful at baking a cake if he has never done it before? How can Zou muster the courage to go to the doctor when he's afraid of injections? These are big issues in the mind and life of a preschool child and Zou demonstrates how to have fun, ask for help, listen to advice, and try different solutions until he can commit to the strategy that works. The show says it, shows it, and does it, in the embedded and naturally occurring lesson within each episode
