Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	DOG AND CAT TRAINING WITH JOEL SILVERMAN is an educational / informational series especially geared to ages 13 - 16. In this entertaining weekly half hour program, Mr. Silverman, the wellknown Hollywood animal trainer and author, demonstrates how to train dogs and cats with the help of his furry friends either in-home or on location. The visual instructions are an easy way to learn the art of training our four-legged family companions. "K9's of OC" is a segment dedicated to helping the pet owner, in their home, to overcome their most troubling issue with their pet. Mr. Silverman demonstrates exactly what is required to eliminate the problem. This is helpful for any household who has a dog and wants to improve obedience. Other weekly segments include "Working Dog" and "Advance Behavior" both entertaining and educational. The skills learned in each half hour is not only to improve training skills but will teach young people patience, kindness, responsibility, determination and understanding - all needed in life, as well.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Jack Hanna's Into the Wild continued the expected high quality, educational program content that has become the signature of Jungle Jack Productions. The program topic is suitable for both the secondary classroom and general audience with content addressing several academic outcomes designated by both state and national life science standards. Shot from a number of photographic perspectives. the viewer is introduced to the biodiversity of the area, how animals are adapted to the environment, and the changes humans have imposed on the environment as well as the positive impact of local conservation efforts in the region. While Jack Hanna introduces the habitat and the wildlife, regional guides are given the expert status and the viewer becomes engaged in the natural environment with the same enthusiasm as Jack's family. The sub-note feature added educational value to the program content and enhanced the scientific foundation. It is also important to note that in addition to the educational content of the program. Jack brings the affective aspect to wildlife education. engaging the emotional appeal of the wild animals and the conservation message to encourage the audience to take an active interest in preserving wildlife. Combining data-oriented scientific information with concern for the conservation status of wildlife and the environment enforces the educational value and impact of the program.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The mission of Eyewitness Kids News is to produce a weekly news program that will provide information and news to kids in a manner that is compelling as well as highly entertaining. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The large, diverse news anchor team will be unique in television and have great appeal to kids who will identify and emulate them. This program will serve the audience in a way that will make a real difference in their lives. It will insert the clear voice of the kid into the adult-dominated media and provide a unique perspective to the news that is not currently available on network television. This is a unique way of doing business in the crowded world of television news. There is no current news programming that features actual kids reporting to other kids on television. There have been shows by adults working with kids but none that a young audience can literally identify with. EKN will fill that void and become the first program in history that will develop the next generation of news viewers and high school.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Awesome Adventures is designed to educate, inform and entertain children about the world around them. Each journey is a lesson in the beauty of nature, its creatures and the people who inhabit the land. The goal of the show is to make learning fun. The show takes the audience on adventures they may never experience firsthand. The viewer can tour Iceland, visit a naturally occurring hot spring, learn about the Native American History, take a flight in a seventy-five foot high hot air balloon or learn how to shoe and saddle a horse before taking one for a ride. This educational program is identified as an e/i at the beginning of its airing.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Safari provides core programming in the areas of global ecology, wildlife biology and species conservation and preservation. Emmy award-winning host and wildlife expert John Ross travels to the farthest reaches of the world to bring the viewers face to face with some of the planet's most interesting animals. Safari offers a dynamic television experience for teens - with the exciting experience of exploring the fascinating world of wildlife and at the same time discovering what needs to be done to protect the animals and their habitat so that they can live on in the wild. Various age-appropriate global wildlife and ecology issues are introduced to the viewing audience with in-depth and thoughtful explanations.

Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11) (iii)?	Yes
Name of children's programming liaison	RAY STOFER
Address	4920 BROOKSIDE COURT
City	RENO
State	NV
Zip	89502
Telephone Number	775-856-2121
Email Address	ray.stofer@coxtv.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	After the review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies as follows: (i) the only programs specifically designed for children ages twelve and under that the station broadcast this quarter are disclosed in this report and (ii) the licensee fully complied with the FCC's commercial limits in children's programs, as specified at 47 C.F.R. Section 73.670, with respect to these programs. The station terminated analog operations on February 17, 2009. Therefore, questions 2-4 refer to the station's primary digital stream, and questions 7(b) and 7(c) no longer apply. Due to an error caused by a bad version of the program that we received from the program distributor, the MeTV Network educational program "Safari," which aired on Saturday, March 23, 2013 from 10:30- 11:00am Eastern/Pacific Time (9:30- 10:00am Central/Mountain Time) did not contain an "E/I" logo superimposition throughout the entire program. This program was identified by the Network as an "E/I" program to the suppliers of program guides, and it was also introduced by an announcement stating that the following program is an "E/I" program. In addition, the "E/I" logo did appear as a superimposition over the program for approximately the first five seconds at the start of each program segment. Due to an error, the logo did not continue to be superimposed thereafter. MeTV Network has informed us that this was an inadvertent error and actions have been taken to help ensure the error does not recur. In addition, this same program episode was aired in a rebroadcast on Saturday, March 30, 2013 from 11:00- 11:30am Eastern/Pacific Time (10:00- 10:30am Central/Mountain Time) in its established second home. This rebroadcast was publicized by announcements on MeTV Network, and the "E/I" logo was superimposed over the program for the entire program duration in this rebroadcast.

The sub-note feature added educational value to the program content and enhanced the scientific foundation. It is also important to note that in addition to the educational content of the program, Jack brings the affective aspect to wildlife education, engaging the emotional appeal of the wild animals and the conservation message to encourage the audience to take an active interest in preserving wildlife. Combining data-oriented scientific information with concern for the conservation status of wildlife and the environment enforces the educational value and impact of the program.

Program Title EYEWITNESS KIDS NEWS

Origination Syndicated

Days/Times SATURDAYS @ 9:30AM
Program Regularly Scheduled

Total times aired at regularly scheduled time 13

Length of Program 30 mins

Age of Target Child Audience from 13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The mission of Eyewitness Kids News is to produce a weekly news program that will provide information and news to kids in a manner that is compelling as well as highly entertaining. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The large, diverse news anchor team will be unique in television and have great appeal to kids who will identify and emulate them. This program will serve the audience in a way that will make a real difference in their lives. It will insert the clear voice of the kid into the adult-dominated media and provide a unique perspective to the news that is not currently available on network television. This is a unique way of doing business in the crowded world of television news. There is no current news programming that features actual kids reporting to other kids on television. There have been shows by adults working with kids but none that a young audience can literally identify with. EKN will fill that void and become the first program in history that will develop the next generation of news viewers and high school.
