| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | <p>Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. The program aired on the main digital station.</p> |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. The program aired on the main digital station. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each week, host Evette Rios, recently a field correspondent and roving reporter for "The Chew," helps American families modify and update a high-calorie family recipe. First, two chefs face off in a head-to-head competition to give the recipes a nutritious low-calorie twist. After making each rehabbed recipe in its own kitchen, the family chooses its new favorite. This recipe makeover challenge teaches viewers about the nutritional value of different foods, promotes the use of healthy, wholesome ingredients, and demonstrates that healthy food choices can have positive effects on viewers' quality of life. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. The program aired on the main digital station. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Xploration Animal Science is an animal series with a uniquely scientific approach. While most animal shows look at the behavior of animals, Xploration Animal Science goes one step further to look at how and why an animal is able to excel in its environment. This series uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. The program aired on the multicast channel only. |

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.

KELO-TV's main digital stream is a CBS affiliate. The 2nd digital stream is a MyNetwork TV affiliate. The station no longer has an analog channel. The licensee's response to 7(b) therefore assumes that the station's current main program stream serves as the equivalent to the station's former analog channel. After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that the station fully complied with the FCC's commercial limits in children's programs, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically designed for children ages twelve and under. KELO-LAND TV has placed 25 weather forecasting and measurement instruments in area schools. The systems include curriculum on CD-ROM for school students. Information from these is used during our newscasts making mention of the school location we are using. The first 8 systems were donated by KELO-LAND TV. Additional systems are purchased by the schools or donated by area businesses. KELO-LAND TV also has a weather net van. The Live Doppler Weather Net Van, Dorothy, is a weather station on wheels. The Live Doppler HD Weather Team goes to schools and organizations all over KELO-LAND to help students and viewers understand weather. They demonstrate how our weather team works together with each other and state-of-the-art technology to keep viewers informed. Along with the Live Doppler HD Weather Net Van, the weather team put together a school curriculum to assist teachers in educating students about weather. Following is a list of appearances made by Dorothy this quarter. None this quarter. Throughout the course of a year, KELO-LAND TV provides free tours to many groups for informational and educational purposes. Although every tour is individualized to meet the needs of that specific group, each tour tries to cover the basic components of the television station: news gathering, programming, production, commercial enterprise and television technology. Most tours are scheduled to stay in the studio to see a live newscast in order to get a better understanding of how television comes together by using talent, teamwork and technology. Here is a list of tours that our marketing department performed this past quarter: (Tours were given at approximately 11:15 AM-12:35 PM or 4:15 PM-5:35 PM) 10/22/2014 - 20 3rd grade students from Watertown, SD; Tour and watched newscast 11/15/2014 - 5 international exchange students; Tour and watched newscast 12/9/2014 - 10 adults /teenagers from Lifescape; Tour and watched newscast 12/10/2014 - 10 Girl Scouts; Tour and watched newscast

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. The program will air on the main digital station. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. The program will air on the main digital station. |
