Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	8.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mustard Pancakes is a television program featuring Courtney Campbell and her family of fun-loving friends, which happen to include puppet pets. Courtney's thoughtful guidance helps her pets discover the world around them, grow emotionally, and find solutions to their daily challenges. The program celebrates the joy of childhood through music and storytelling. The program is a nurturing environment where the characters support each other's growth and work together to overcome the day-to-day challenges all children face. This program aired on the secondary digital stream, channel 3.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is a science series that educates children about science concepts, introducing them to science and math by exploring fundamental principles such as gravity, pressure, kinetics, and magnetism by conducting science experiments in an integrated and entertaining way. It is produced using a combination of 3D animation and live footage. The host, Max, is a 3D animated mouse which talks to the audience and the participants, explaining what the science concept and experiment is and how to perform it. The participants are junior high school children guided by a science facilitator. Together they perform the experiment instructed by Max the Mouse. The program also uses 3D animation to explain the steps and results of the experiment. This program aired on the secondary digital stream, channel 3.

Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is hosted by teens, and uses peer reporting to profile individuals and organizations committed to environmental issues, including reports on the latest recycling and nature conservation efforts, advances in renewable energies and carbon footprint-reducing technology. It also offers advice on how to be more eco-wise while performing daily activities. The program includes "eco bytes" (bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the program's website. By using this information from a youthful point of view, the program encourages young adults to become more proactive about environmentalism and stresses the positive impact that young people's efforts, no matter how small they may seem, can have on the larger world around them. This program aired on the secondary digital stream, channel 3.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North America's animal species. This program aired on the secondary digital stream, channel 3.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program aired on the secondary digital stream, channel 3.

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Scott Bradsher
Address	3012 Highwoods Blvd., Suite 101
City	Raleigh
State	NC
Zip	27604
Telephone Number	919-877-8091
Email Address	sbradsher@sbgtn.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	KTUL is a Partner in Education with our neighborhood school, Park Elementary. During this quarter we sponsored the monthly Great 8 Award. Teachers and school administrators chose one outstanding 5th grader for their academic and interpersonal efforts during the previous month. The award is presented monthly by a KTUL news personality at an assembly in front of the student body. KTUL General Manager, Pat Baldwin, presented the Student of the Year Award to one deserving Student at the school's awards assembly on 4/27/15. KTUL was also the sponsored the school's May Day Picnic on May 1, 2015. Station employees cooked and served lunch for all the teachers, children and their parents. During the month of June KTUL was a sponsor the Tulsa City County Library's summer reading program. Children could read prizes for keeping a record of the books they read during the summer and for making regular visits to the library

Program Title	Jack Hannah's Wild Countdown
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays 8am-8:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program chooses a region, special adaptations animals have made, or a specific animal, and uses a top ten countdown. From a safari in Botswana, to a dude ranch in Montana, to a retirement home for horses, Jack counts down 10 incredible experiences. He also explores wild and rare animals in Australia such as dingoes, devils and cassowaries. For animal adaptation, Jack travels from the Arctic to the desert, picking ten animals that have made special adaptations to survive in the harsh environment. This program informs the viewer about animals and their habitat, which can lead the viewer to discussions regarding the environment and conservation. This program will air on the main digital stream.

Program Title	Jack Hannah's Wild Countdown
Origination	Syndicated
Days/Times Program Regularly Scheduled	Mondays 9am-9:30am
Total times aired at regularly scheduled time	13

Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program chooses a region, special adaptations animals have made, or a specific animal, and uses a top ten countdown. From a safari in Botswana, to a dude ranch in Montana, to a retirement home for horses, Jack counts down 10 incredible experiences. He also explores wild and rare animals in Australia such as dingoes, devils and cassowaries. For animal adaptation, Jack travels from the Arctic to the desert, picking ten animals that have made special adaptations to survive in the harsh environment. This program informs the viewer about animals and their habitat, which can lead the viewer to discussions regarding the environment and conservation. This program will air on the secondary digital stream, channel 2.

Program Title	Ocean Mysteries
Origination	Syndicated
Days/Times Program Regularly Scheduled	Tuesdays 9am-9:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians, and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays, pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet, as well as how sea life connects to life on the rest of the globe. This program will air on the secondary digital stream, channel 2.

Program Title	Eco Company	
Origination	Network	
Days/Times Program Regularly Scheduled	Sunday 9am-9:30am	
Total times aired at regularly scheduled time	13	
Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is hosted by teens, and uses peer reporting to profile individuals and organizations committed to environmental issues, including reports on the latest recycling and nature conservation efforts, advances in renewable energies and carbon footprint-reducing technology. It also offers advice on how to be more eco-wise while performing daily activities. The program includes "eco bytes" (bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the program's website. By using this information from a youthful point of view, the program encourages young adults to become more proactive about environmentalism and stresses the positive impact that young people's efforts, no matter how small they may seem, can have on the larger world around them. This program will air on the secondary digital stream, channel 3.

Program Title	Think Big
Origination	Network

Days/Times Program Regularly Scheduled	Sunday 11:30am-12pm
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program will air on the secondary digital stream, channel 3.
